THE PALMS
BEACH RESORT
OCEAN REEF ISLANDS

A private beach enclave...

...in the center of the city.

Let's go
somewhere the sun
kisses the ocean.

A beach address in the
center of the city.

CONCEPT

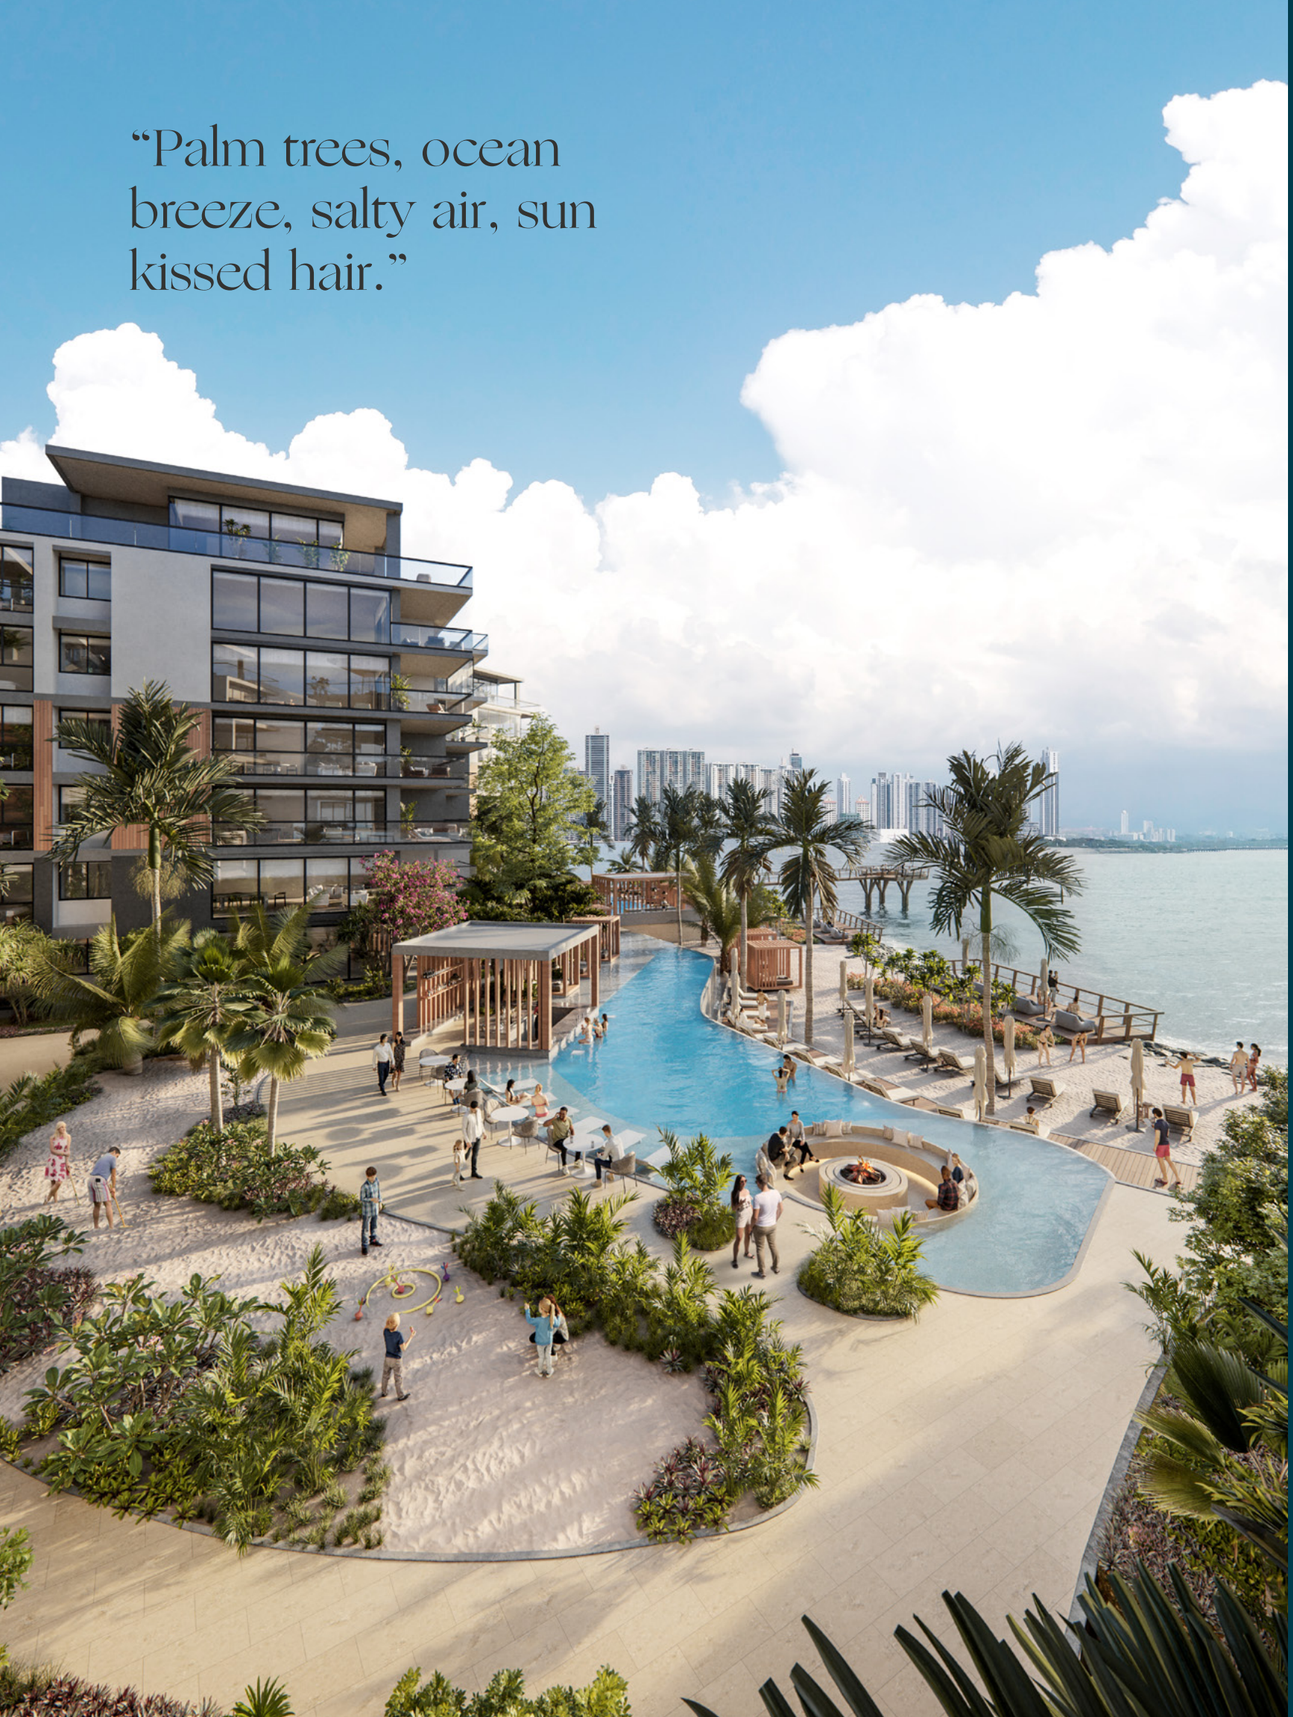
Nestled in a privileged location of Ocean Reef Islands lies The Palms Beach Resort, where the palm trees sway in the wind and give shade to prominent poolside amenities, games and cabanas, giving the opportunity for residents to enjoy a morning yoga session, a book, sightseeing dolphins in The Lookout or enjoy a glass of wine while enjoying the sunset colors and ocean breeze.

Live your best life, the best of both worlds, a private beach enclave in the center of the city with a vibrant dynamic lifestyle just steps away from your own haven.

A PRIVATE RESORT IN OCEAN REEF ISLANDS

The Palms Beach Resort is an exclusive development located in Lots 41-45 of Island II in Ocean Reef Islands. The first man-made islands in Latin America.

Residents enjoy a beach paradise lifestyle, only minutes from the heart of Panama City, the economic and cultural hub of the region.



THE PALMS BEACH RESORT

The Palms beach resort is the first “island resort” in Panama City, mixing avant-garde architecture and design with landscaping and amenities that transport you to a remote island, enjoying environments and experiences typical of the best tropical destination.

Living at The Palms beach resort strikes a perfect balance between having the comforts and experiences of a progressive architectural design while having experiences that make you feel peace and quiet in the center of the city.

We create open spaces carefully designed so that the balance between work life and rest is rewarding: a day at The Palms beach resort is a day between the beach, decks, apartments designed for today’s world, coworking spaces, yoga decks, gazebos, a pier where you can fish and see dolphins, large swimming pools with spaces such as fire pits, bar, chef’s kitchen, among others.

The Palms beach resort is shaped through buildings with few apartments (1 or 2 per floor) with the aim of having a lot of ventilation and natural lighting and reinforcing the “island resort” feel. The buildings are surrounded by large gardens, paths carefully designed to make you feel peace and tranquility, large terraces, grand social spaces, sports and activities in open spaces, a true connection with nature, the beach and the sea.

The Architecture that we propose is clean and warm, with horizontal lines by arranging the volumes of the buildings with rhythms of facades of every 2 floors and thus creating a sense of stability and balance in the project.
